(By Associated Press)

Washington, January 28.—Framed to provide for a force of 150,000 regulars the army appropriation bill reported to the House today carried a total of \$328,861,123, a reduction of \$63,697,242 from current appropriations. The War Department had asked for \$692,811,070.

Reduction in the army, the committee report said, was proposed with a view to early withdrawal of Americans in Germany.

DAVIS ORDERS LETTER REVOKED

(By Associated Press)

Columbus, O., January 28.—Governor Davis called the state oil inspector, W. H. Walker, into his office this morning and ordered him immediately to revoke his letter relative to suspension of the State Oil Inspection law.

The Governor said the letter was unauthorized by him.

The letter was made public last night by Representative Atkinson, minority floor leader in the House, when Atkinson announced that he would introduce a resolution demanding a probe of the oil inspection department for its action in sanctioning a violation of a state law.

The Governor called into conference today Representative Crabbe and Senator Whitmore, majority leaders in the legislature, and informed them he was anxious to have a thorough probe of the oil inspection department, going back for the last four years.

Governor Davis stated today he would insist on his original plan of doing away with 40 of the 43 district oil inspectors.

COUNCIL FAVORS GRAVE CRISIS FAIL TO AGREE

(By Associated Press)

Paris, January 28.—The divergence of views of the members of the allied Supreme Council regarding German reparation caused an interruption of the conference today and in some quarters it is regarded as in danger of breaking up.

The session of the council which was to have begun at 4:30 o'clock this afternoon was abandoned.

COUNCIL EXPERTS DECIDE ON PLAN

Would Give Germany 42 Years to Pay Reparations

(By Associated Press)

Paris, January 28.—A solution of the problem of German reparations was tentatively reached tonight by experts appointed yesterday by the Allied Supreme Council. Confidence was expressed that the council would approve the committee's plan tomorrow.

The scheme provides for the payment of annuities on a sliding scale of from two billion to six billion gold marks over a period of probably forty-two years, and also a twelve and one-half percent ad valorem tax on German exports so that her creditors will be paid according to Germany's increasing prosperity.

The sudden ironing out of differences came after two days of a continually widening breach that threatened to break up the conference, it being virtually suspended except for private conferences.

The project when approved by the Supreme Council will be submitted to Germany for acceptance. Then another conference will be called to which the Germans will be invited.

Scratched His Own Face And Struck Himself With Hammer To Bear Out Bandit Story

Money Stolen by Him Hidden In Home by Treasurer

Had Claimed Bandits Assaulted Him and Obtained \$14,303

Had Gone Heavily in Debt To Insure His Re-election.

(By Associated Press)

Marion, O., January 28.—Treasurer Harry C. Forry of Marion County, who reported Wednesday morning that he had been robbed of \$14,303 by two bandits who knocked him unconscious in his office in the court house, was placed under arrest early today after he had confessed to the theft of the money.

Not satisfied with his story of the robbery, police became suspicious of Forry and late last night obtained a written confession from him, they say, telling how he stole the money from the court house safe Tuesday night, taking it home with him, where he hid it in a chest.

Forry was placed under arrest early this morning almost immediately following the arrival of a new baby at his home. He is the father of three other children and is the son-in-law of Representative Horace W. Cookston, Republican, representing Marion county in the legislature. Forry is 35 years of age and is a Democrat.

Forry's confession was made to G. E. Lario, justice of the peace, in the form of an affidavit Wednesday morning.

Harley Benedict, entering the county treasurer's office to pay his taxes, found Forry lying on the floor apparently unconscious. He rendered first aid and called a physician and the police.

Forry said two youthful bandits had hit him over the head with a revolver and had walked off with the money. In his signed confession, Forry said he had framed the robbery story to cover his theft.

He admitted having scratched his face and hit himself over the head with a hammer in order to make his robbery story more realistic.

Forry said he went deeply into debt last fall during his campaign for re-election. He said he heavily mortgaged two houses he owned. His friends believe that his mind became deranged with worry over his financial obligations and his defeat for re-election.

Mrs. Forry knew nothing about the robbery, she told police, until this morning after the birth of her baby.

Police first became suspicious when a private detective from Cleveland told them yesterday that the finances of the treasurer's office did not appear right. A thorough investigation of the case was made and later Forry was quizzed.

Late last night he completely broke down and confessed. Forry is being held without bail and probably will be arraigned late today or tomorrow.

Judge Mouser today ordered a special session of the grand jury to investigate the robbery confession.

The Marion county commissioners held a special session this morning demanding Forry's resignation as county treasurer and arranged to elect a successor.

HEARING SATURDAY

Forry will have his preliminary hearing here tomorrow and a special session of the grand jury has been called for Monday to consider the case. Forry tonight resigned as county treasurer and the county commissioners are expected to appoint his successor tomorrow.

DOBBIN LED WAY TO HOME OF STILL

Stray Horse and Buggy Prove Undoing of Owner Who Was Making Raisin Jack

(By Associated Press)

Alliance, O., January 28.—Old Dobbin has not lost his usefulness. For over four hours yesterday a weather-beaten looking old horse hitched to a buggy was left standing on Grant Street. The outfit was examined by the local police and brought to police headquarters.

Suspecting that the rig may have been used to bring raisin jack to Alliance customers two officers suggested the horse be turned loose and allowed to return home. They mounted the rig and for a distance of nine miles out into the country the horse jogged along over the rough roads, pulling up at a barn on the Andy Veg farm. Mr. Veg came from the barn but disclaimed ownership. He has two bright little daughters and they at once identified the horse and buggy, gently patting "Mollie" and caressing the old mare.

A search of the barn was made and a 25-gallon still discovered carefully concealed. Veg was arrested and fined \$500 by Judge Moore and then turned over to the Columbiana county officials, in which county the still was found.

SAYS LENIENT COURTS AN AID TO CRIME WAVE

(By Associated Press)

Toledo, O., January 28.—The meeting of the Ohio State Bar Association here today was featured by an address by the president, Daniels D. Iddings, of Dayton, who denounced undue leniency for criminals and decried efforts to pass blue laws.

Five hundred Ohio lawyers heard Mr. Iddings criticize courts that imposed light sentences on bandits. He said persons participating in the present crime wave should get the heaviest penalty allowed by law and that pardons and paroles should be greatly restricted.

ANKLE CURTAINS SCREEN LIMBS OF FAIR JURORS

(By Associated Press)

Springfield, O., January 28.—Common Pleas Judge Geiger today promised women members of the jury that he would have a curtain erected along the front of the jury box at least waist high.

Women jurors complained that it was impossible for them to relieve the monotony of a single sitting position without occasionally crossing their knees.

They occupy elevated positions in the court room and even with the ankle displayed is noticeable.

Under Judge Geiger's new plan for "ankle curtains," the men and women jurors may be equally comfortable and the attorneys may give the case at hand their undivided attention.

PLEADS GUILTY DRAWS \$500 AND THE COSTS

Pleading guilty before Mayor V. J. Dahl, when arraigned Friday morning on a charge of transporting in toxicants contrary to the Crabbe Act, Doc. J. W. Smith, well known colored character of Circleville drew \$500 and the costs and was remanded back to jail.

It was made clear by Mayor Dahl that Smith would be sent to the Columbus workhouse unless he pays the fine, and he is now endeavoring to raise the money from friends.

Smith appeared well dressed and well educated. Several witnesses were ready to appear against him, one of whom stated that he was ready to testify that Smith last summer was engaged in bootlegging Kentucky whisky, selling it at \$20 per quart.

Vernon Morris, with whom Smith was associated in the liquor business, was present for the hearing, together with his attorney.

DEFENDANTS WIN IN BURKE CASE

Quite a lengthy opinion has been rendered by Common Pleas Judge Clarence Curtin of Circleville, in the case of Patricia J. Burke against Julia A. Burke and others, in which the Court sustained the contentions of the defendant, William Leo Burke.

The case was tried in the local Common Pleas Court with Judge Curtin on the bench, and was an action arising upon a contract among the heirs of P. J. Burke, deceased, to divide the estate. The agents, Patricia J. Burke and William Leo Burke were appointed by the heirs and widow to divide and sell the estate and were unable to agree as to the manner in which the property on S. Fayette street, known as the Burke Flats and and "Red Onion" building should be divided and sold.

The plaintiff contended that the property on Fayette street should be sold without an easement or right of way for ingress and egress over the rear of the lots, and the defendant contended that by the terms of a certain warranty deed executed by P. J. Burke in his life time, to plaintiff for the corner room at Fayette and East streets, the grantor reserved for his own and the use of guarantee a right of way over the rear of the lot for the use of the remainder of his properties, and that upon the death of P. J. Burke, said easement passed to the heirs and did not cease upon his death.

The Court held that an easement was reserved and passed with the remainder of the property upon the death of P. J. Burke, Sr., to his heirs, and should be divided and sold accordingly.

The plaintiff was represented by Attorney E. L. Bush of this city and W. W. Boulger of Chillicothe, and the defendants by Attorneys Maddox & Maddox.

LOCAL WORKERS TO HEAR HOOVER

To confer with Herbert Hoover, National Chairman of the European Relief Work, five prominent workers of the Fayette campaign were among many state workers in Columbus Friday in conference at the Hartman Hotel.

Those who represented Fayette county at the meeting were D. S. Craig, chairman of the Executive Committee George H. Hitchcock, Ed Flite, Supt. William McClain, and Hon. J. M. Willis.

The conference was held at the noonday luncheon at which Mr. Hoover was the chief speaker. He inspired the state workers to greater effort in raising the amounts stipulated for their respective counties and great impetus was given to the work by his vivid word picture of the suffering of millions of children in the famine stricken districts of Europe Mr Hoover spoke from personal observation.

It's difficult for a tight-fisted preacher to hold his congregation.

ATHLETICS GAIN PART IN COUNTY HIGH SCHOOL LIFE

Athletics are being made a part of the life of the high schools of this county more and more every day, it is declared by O. S. Nelson, County Superintendent of Schools.

Good Hope High and Bloomingburg High are in the field with girls and boys basketball teams and intense rivalry is springing up. Jeffersonville High School is shaping its team but no games have been played. Games are being arranged between the three high schools.

Although the schools are held back in the development of their athletic teams by the lack of gymnasiums they are making the best of conditions.

Spring will see even greater advancement in athletics in the municipal high schools, it is said, with a County Track Meet scheduled for this city on the closing day of school. Every school in the county is eligible for participation.

Baseball teams have been a part of the school life but will occupy an even more prominent position because of increasing interest, school men say.

Those who are watching the development of athletics look forward to the time when a County Basketball Tournament may be held in this city when a suitable building is available.

NAB THIEVES WHO STOLE CAR IN THIS CITY

Oscar Smith and Homer Grooms Arrested With Buick Automobile Stolen From Wm. Hewitt.

Third Youth Detained In This City is Allowed To Go His Way.

Discarding an honest occupation on a farm near Martinsville to become automobile thieves and "bad men" Oscar Smith, 20, and Homer Grooms, 20, are now in the county jail awaiting a hearing on a charge of stealing a Buick touring car from Wm. Hewitt, residing three miles north of this city.

The machine was stolen from in front of the Johnson Auto Sales Company on East Court street, Thursday afternoon about 3:30 o'clock, and the two men, with the stolen machine, were taken into custody in Circleville about ten o'clock Thursday night.

They were brought to this city by Sheriff Hall Friday morning.

While Sheriff Hall was working on the case by wire, Chief Moore was busy here. It was known that two young men stole the machine, and by description it was ascertained that a third youth had been with them. The third youth was speedily rounded up and gave the name of Earnest Grooms, cousin of Homer Grooms. He denied all knowledge of the theft, saying the other two had given him the slip about the time the machine was stolen. After being detained until Friday morning he was turned over to the Sheriff, and after careful inquiry was released to work for an uncle in Marion township.

When arrested by the police in Circleville the two young men carried a Colt's Automatic and Smith & Wesson, together with a mace fashioned from a pitchfork handle with a section of iron pipe fastened to one end, 100 rounds of ammunition and two false mustaches were included in their equipment, and it is believed they planned other crimes.

Fifty dollars reward was offered by Hewitt, and this will go to the Circleville police.

FARM RENTALS ON THE DECLINE

Farmland rentals in Fayette county are coming down, according to reports from authoritative sources.

During the period of high prices for farm products tenants paid as high as \$18 per acre for good land and were able to clear themselves. With the crumbling of the farm produce markets, it is said that these same tenants have judged their inability to pay such a price and are seeking cheaper land.

Many land owners are meeting their tenants half way, it is declared and several cases have come to light where, although the contracts were made and signed, the owners have voluntarily lowered the rent in order to keep their tenants "off the rocks."

One instance was related where a local man declared land could not be rented for less than ten dollars an acre. A land owner who heard him offered him his farm for ten dollars an acre if he would sign a contract for a ten year lease.

held. The class will meet next Wednes-

SUSPECT STUDENTS FOR AUTO BANDITS WHEN INQUIRING WAY

Columbus takes no chances on being
held up and robbed, as several high
school students of this city will testify.
Several days ago half a dozen stu-
dents of the high school were invited
to view the Ohio State-Perdue basket
ball game and be guests of a college
fraternity in Columbus.

Everything went well until the boys
started home about two o'clock that
night. They were riding in Carroll
Flee's machine. John Deen, Leroy
Thompson, Fred Beck, and George
Lamb were the others in the car.

Before the boys reached the out-
skirts of the city they realized they
were on the wrong road. Johnny Deen
consented to inquire and attempted to
stop a Ford that was approaching. He
barely succeeded in escaping from
being run-down.

While they were wondering what to
do next Deen felt something cold and
hard against his ribs and a husky
voice asked him what he meant trying
to stop a car. The hard object was a
gun in the hands of a big police officer.

After much explaining and apologiz-
ing the officer directed them out of
the city but with the final admonition
not to attempt to stop any one in that
manner again.

YOUNGSTERS MAKE PROFIT OF \$147,000

Approximately 9,300 boys and girls
were engaged last season in producing
food and clothing in agricultural and
home economics schools, conducted by
local agencies in co-operation with the
Ohio State University and the U. S.
Department of Agriculture.

Of the 4,073 youngsters exhibiting at
fairs, products valued at \$268,338
were produced. The net profit of their
efforts was \$147,026. The profits, how-
ever, are declared by leaders of the
club work to have been small in com-
parison to the development of initia-
tive, spirit of fair play, and the busi-
ness sense of the young people.

The work was conducted on an or-
ganized basis in 70 of the 88 counties
in the state last season. Plans are
now being made for the conduct of
the work in as many counties during
this year.

Thought Man Was Crazy

"I have suffered from stomach and
liver trouble for years; the last two
years people have been calling me
crazy. The doctors could not do any-
thing for me. The awful bloating of
gas seemed to press against my brain
and I could not think clearly. Three
months ago a friend advised taking
May's Wonderful Remedy and it has
worked wonders in my case. All my
bloating and suffering is gone and I
feel as though newly born." It is a
simple, harmless preparation that re-
moves the catarrhal mucus from the
intestinal tract and always thins inflam-
mation which causes practically all
stomach, liver and intestinal ailments,
including appendicitis. One dose will
convince or money refunded. Blackmer

HIGH SCHOOL TEAMS PLAY AT WILMINGTON

Two evening trains, the B. & O.

Washington High was not in the

Going Down!

Along With The General Decline in Prices, Now Come Announce-
ments of Furniture Factories of

Sharp Reductions in Furniture Prices

The Following is a Sample of These Announcements Which We
Publish For The Information of our Customers and Friends:

THE LOGAN MANUFACTURING COMPANY

Manufacturers of

Furniture and Building Material

Logan, Ohio, January 22, 1921

Haynes Furniture Co.,
Washington C. H., Ohio.

The purpose of this personal letter is to announce that, effec-
tive this date, we have made REDUCTIONS IN OUR ENTIRE
LINE aggregating an average of approximately 25%.

While present cost of labor and the concessions we have been
able to get in prices on materials will not justify this cut, we have
gone the limit on every number of the line, even stretching a point,
in order to do our full share in the readjustment of the era of in-
flated prices thru which we have all passed.

We have all been hit by the decline in values, but let us be
good sports and take our losses cheerfully. We have taken ours,
and are now ready to start off on a basis of the new and LOWER
prices.

This country is big, rich and prosperous, the best on the face
of the earth. A spirit of optimism is in the air. So let us one and
all get busy, and we shall soon be back to old-time "normalcy."

We take this occasion to thank you for past favors, etc.

Very truly yours,

THE LOGAN MANUFACTURING CO.

A. C. Tipton, Sales Manager

In line with these declines at the factories, we have determined to
give our customers the earliest advantage of the new prices by of-
fering our entire stock, new and old, now on the salesfloor, at a
relative reduction, without waiting for the market to take its
natural course. These reductions, now effective, range from 20
to 33 1-3 percent. It is safe and sane to buy now.

WALLACE REED in "ALIAS MIKE MORAN"

In this picture, Wallace Reid plays the part of Larry Young, a slacker who changes his name to circumvent the draft. He leaves his home town on account of this and gets work in a distant seaport at a shipbuilding plant. While working there one of his fellow workers insults the French flag. This being a turning point in the slacker's life, he joins the French army after which a beautiful romance is woven into the story and it ends with a pleasant surprise.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The organization was effected with Enid Mc Clure, President; Dorothy Hudson, Vice President, Katharine Miller, Secretary and Lillian Cox, Treasurer. Meetings will be held fortnightly.

Miss Willis served light refreshments and the girls found their initial meeting one of much pleasure.

No surprise party was ever a more complete success than that given by Mrs. Jerome Taylor, Thursday night for Mr. Taylor upon the occasion of his birthday.

Mr. Taylor was taken entirely unaware, but with his usual geniality, rose to the demands of the evening and responded readily to the shower of good wishes of thirty guests.

The evening passed in delightful sociability, its merriment enhanced by two musical artists, unique in their line, Col. O. E. Hardway and Mr. Frank DeWitt.

Mrs. Taylor was assisted in serving appetizing refreshments by her daughter, Miss Pauline, Mrs. T. W. McFadden and Miss Georgia Taylor.

Mrs. S. E. Boggs again filled the role of hostess charmingly Thursday afternoon, complimenting her guests, Mrs. George Renick of Chillicothe, and Mrs. Harriet Weldon, of Circleville.

Nine tables of handsomely gowned women engaged in a progressive bridge game, the trophy, a pretty nose-gay, won by Mrs. Charles McLean.

Fragrant spring blossoms were in artistic arrangement and a most delectable collation brought the spirited game to a close.

Mrs. H. Renick Boggs assisted the hostess, Miss Harriet Rusk, of Zanesville, was among the guests.

More than fifty couples were dancing in the Assembly at Memorial Hall, Thursday evening. This assembly is under the Auspices of the American Legion, and personally directed by Mr. Perce Pearce.

Mr. Pearce's dancing class, which precedes the Assembly, has an enrollment of between sixty and seventy people.

Harvey's five pieces orchestra furnished the music.

Mrs. Edgar Snyder was hostess to the Thursday Kensington Club, for a very delightful afternoon, Thursday, at her home in N. North street.

A daint collation was served before the afternoon was brought to a close.

Mr. Karl Christman came down from Columbus, Friday evening, for a week end visit with friends.

WORK TO START ON STOCK YARD IN SHORT TIME

As soon as the deed for the old handle factory site along the Baltimore and Ohio Railroad tracks is in the hands of the Fayette Producers Company work to transform it into a shipping yard for the use of Fayette county farmers will be started, it was stated Friday.

Improvements will be similar to the yards of the Live Stock Shipping Company at Springfield. A delegation from the Fayette Producers Company, including Manager H. W. Wilson, Frank M. Rothrock, J. L. Rothrock, and L. H. Goddard visited the Springfield plant and was very favorably impressed.

As soon as the work is started the local plant will be rushed to early completion. Present plans call for the construction of many pens and the equipping of the old factory buildings to care for any overflow of live stock which may accumulate during heavy selling periods.

PORTUGUESE USE PROPAGANDA TO STOP EMIGRATION

(By Associated Press)
Lisbon, (By Mail)—The Portuguese newspapers have undertaken a campaign to prevent the continued emigration of Portuguese citizens to the United States and Brazil by pointing out that more than 2,000,000 workers are idle and hundreds of factories closed in the United States and that the Portuguese are not welcome in Brazil.

"Innumerable emigrants continue to arrive in Lisbon from all parts of the country on their way to Brazil and the United States," says the Seculo. "It is necessary to stop this avalanche and avoid this calamity, not only because the hundreds that are leaving this country are needed in the fields and workshops but also because they are going to suffer in a strange country all manner of sorrow and misery."

The same news paper prints a letter from a Portuguese workman in a New Bedford, Mass., textile factory, who sent a warning to his fellow countrymen not to go to that city. He said that soon after he found employment he sent for his wife and children and they sold their farm in Portugal to pay for their transportation across the Atlantic. Then illness and the closing of the factory reduced the family to extreme misery and the Portuguese now desires only to return to die in Portugal. He declares that of the Portuguese who remain in New Bedford, many are in abject misery.

Too many men make strenuous efforts to get a liberal share of some thing that doesn't belong to them.

(By Associated Press)
Niagara Falls, N. Y., January 28.—An unidentified man is reported to have jumped into the river above the falls early today and was swept to death over the American brink.

BRAZIL WANTS A GREATER NAVY

(By Associated Press)
Rio De Janeiro, (By Mail)—The Committee on Naval and Military Affairs of the Brazilian Chamber of Deputies wants bigger navy. It has called upon the President to present to the next session of congress a program of naval construction drawn up by the general staff of the Admiralty and to be carried out for a term of years.

The reason given for this proposed increase is that it is necessary because of Brazil's new position in the world as a signatory of the Versailles Treaty and as an effective member of League of Nations. Another reason ascribed is necessary for defending a long coast line.

"Made Me Well and Strong"

ANOTHER WOMAN WHO IS THANKFUL FOR

PE-RU-NA

"I have taken several bottles of Peruna and find it a great benefit. I had pains in my stomach and bowels, but by the use of Peruna and also a little of the other medicine, I always keep a few bottles in the house."
Mrs. J. D. No. 2, Box 19,
Nichols, Iowa.

Mrs. Gray's experience is just more evidence that Peruna is quite as good a remedy for catarrh of the stomach, bowels, other organs as it is for coughs, colds and nasal catarrh. Peruna is a wonderfully fine medicine to have in the house for everyday use.

BUSINESS ROLLERS DROP NEWSPAPERS

As result of Thursday evening's
games on the Y. M. C. A. alleys the
tie for second place in the City Bowl-
ing League race has disappeared. The
Business Men won two games from
the Newspapers and shoved the losers
into third position.

The Business Men opened by winning
the first game but lost the second
when the Newspapers rolled the high
score of the evening. The Business
Men won handily in the deciding con-
test.

There were two, two hundred marks
Cook topped the desired goal in the
first game when he knocked down 222
nipples and Bolmer rolled an even 200
in his second trial.*

DEMETRAL LOSES TO KOTSONAROS

Columbus, Jan. 28.—George Kotson-
aros, Columbus Greek, defeated Bill
Demetral, Chicago, before 1400 mat en-
thusiasts last night at the Chamber
of Commerce.

There were no falls during the two
hours of grappling but to Kotsonaros
went Ed Beardsley's decision because
he thought the local matman was the
aggressor. Beardsley was right for
Demetral seldom saw Kotsonaros' back
during the last hour. The match
was scheduled for two best falls in
three and two hours limit. Had the
men traveled even for two hours, there
would have been 15 minutes allotted
them to settle matters, but no extra
time was needed.

The last 20 minutes saw Demetral
on the bottom, his left shoulder an
inch from touching the canvas and
Kotsonaros apparently as strong as
when he started, but it was either too
much Demetral spunk or lack of Kot-
sonaros strength. Never did a fall
seem so certain as in the last 20
minutes.

"THE TRAIL OF THE LONESOME PINE"

How many millions of book lovers
in the world have read the delightful
story of "The Trail of the Lonesome
Pine" is problematical but all who
have read the book will want to see
the play which will be at Sabina
Opera House, Saturday night, January
29th.

Eugene Walter has written around
Mr. Fox's romantic girl, June. He has
transferred to the stage the atmos-
phere of the Virginia Hills. Boston,
New York and Philadelphia gave the
play long runs and capacity houses
for every performance. It is so artis-
tically perfect that you are almost
made to believe you are inhaling the
fragrance of the mountainside. Prices
50c, 75c. The manager guarantees this
show if not satisfactory money will be
refunded at box office.—Adv.
